Premium Linux Web Hosting for Home and Business cPanel Pro · Fantastico · RVskins · ASSP Deluxe

with real-time data replication failover technology*

[Learn more about ASSP Spam Protection HERE](#)

[Learn more about Failover Technology HERE](#)

affordable · reliable · secure

US UK DE SG

We provide premium web hosting in first class datacenters, located in US, UK, Germany, and Singapore. Our support is bilingual English/German

Our web hosting plans are competitively priced and unsurpassed in reliability, uptime, and quality of service. Unlike other hosting companies we do not charge extra fees for each feature, i.e. domains hosted, email accounts, databases.

Resellers get 2 personalized, dedicated IPs of *different* Class-C Nets, with rDNS, and SOA according RFC, so that you can host also all country code TLDs, like .RU or .DE

Live Chat Operator is **Offline**
